APPLICATION ANNOUNCEMENT

Application Closing Date: Friday, June 4, 2004

The Water Resources Research Institute, through funding from the Division of Pollution Prevention and Environmental Assistance (DPPEA) (www.p2pays.org), a non-regulatory division of the North Carolina Department of Environment and Natural Resources, is seeking a qualified student for an open intern position. The intern will provide direct, multi-faced technical assistance to the Division’s IT users. Specific duties include workstations maintenance, database, application and web development, and user support and maintaining resource inventory. Students in computer science/engineering, information technology, management information systems and other related curricula are encouraged to apply.

The selected individual is expected to work up to 40 hours per week in the summer. The pay rate is $12.50 per hour.

Submit your resume and cover letter to Ms. Kelly Porter by email at kelly_porter@ncsu.edu or mail:

Water Resources Research Institute
Campus Box 7912
NC State University
Raleigh, NC 27695-7912

Email submission is preferred.

Application Closing Date: Friday, June 4, 2004
